

Year 1 had a brilliant trip to Crenver Grove. This was the first of four seasonal trips to the woods. For the Autumn trip they did three activities in this amazing woodland that was new to almost everyone. One of the activities was to visit a badger set and then to have a go at drawing some woodland animals with charcoal. They also learnt the names for some of the trees by identifying their leaves. Some of the leaves made fantastic nature bracelets. Finally they read Ruth Brown's Dark, Dark Tale and made a home for a mouse. They also pondered over a circle of yew trees in the woods and are interested to go back again next season to observe more seasonal changes.
